Dynamic and Flexible Active Learning Solution

### Introduction

Sony's collaboration system is a solution that brings together students, lecturers and presenters in a workgroup-based collaborative environment. Cost-effective, easy to configure and intuitive for every user, this total active learning solution is ideal for universities and colleges of higher education.

### Active Learning Class Workflow

#### Share to Class

- Easy sharing for teacher's materials (Laptop/tablet images, document, camera, HDMI inputs, etc.)
- Any image on the main view will be shown to all work group POD displays in full screen when "Pod share" button is pressed

#### Active Group Discussion

- Any student can easily mirror their BYOD content.
- Enhance discussion by simple switching, annotation/digital tag whiteboard mode
- Teacher can monitor and select any group's information then share to all other group screens.

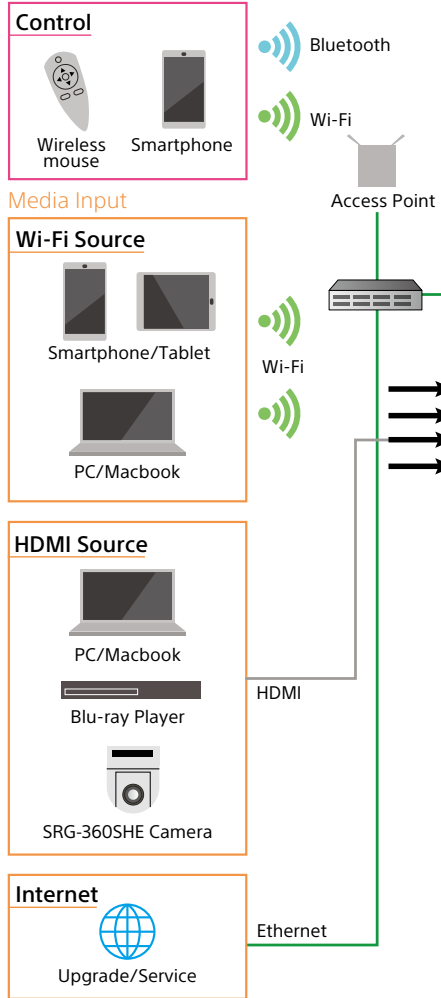

#### Present and Feedback

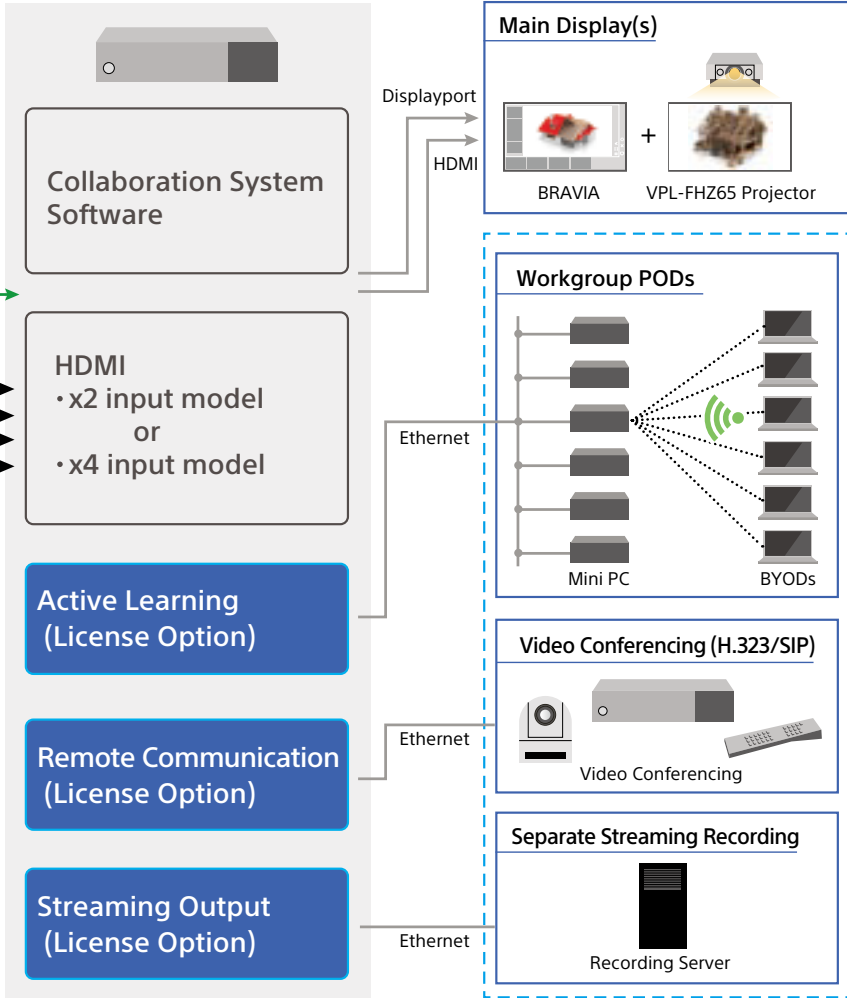

- Quickly drag & drop to share anyone's screen
- Promptly reflect teacher or student comments with annotation to feedback
